EZ SERIES II MELTER/APPLICATOR

"The High Efficiency Melter"

"Highest Volume, Highest Production"

Engineered Performance Design

Crafco EZ Series II Melter/Applicators Engineered **Performance** answer todays challenges that have developed from higher energy costs and smaller budgets. The EZ Series Il machines exceed all expectations, quickly and economically. No other machine on the market today can match Crafco's

Engineered Performance Machines.

Engineered Efficiency. The heat transfer profile of these units is second to none, using less fuel to heat each pound of sealant. Utilizing a heat tower inside the sealant tank the EZ Series II Melters achieve over 95% heat efficiency. With the incorporation of larger mixer paddles, turning at an optimal speed, the heat is transferred into the sealant faster than ever before. A rugged 2inch sealant pump, coupled with true on demand pumping,

provides the EZ Series II with the power to apply hot pour, fiber, or coal tar sealants effectively and efficiently with the added benefit of a longer pump life and lower maintenance cost.

Engineered Options and Features. Standard Engineered Features make the operation of this melter the safest and easiest machine to operate. Many other features reduce labor and operating costs. The most impressive features of the EZ Series II are the Engineered Options. Design the machine you want with these options. For example, add an optional industrial air compressor and save the cost of running an additional engine and tow vehicle, saving time, money and people costs. The EZ Series II has over 20 available options.

Engineered Safety

The EZ Series II is loaded with standard safety features designed to protect the operator and the public. Engineered features, such as the autoloader, keep the operator clear of hot sealant and add efficiency to the process. Rear controls keep the operator away from traffic on both sides of the unit. The self adjusting hose boom reduces operator fatigue and allows for a larger sealing radius. Anti splash lids with safety shut off's protect the operator. Review the innovative features of the EZ Series II and you will find this machine to be the most safely engineered melter available.

HIGH EFFICIENCY HEAT TOWER Utilizing a heat tower inside the sealant tank the EZ Series II Melters achieve over 95% heat efficiency.

Engineered Performance Features

Self adjusting sliding boom increases operator head clearance to 6'5", allowing for 7' of travel and increased

INCREASED WORKING AREA

- 15' hose = 1019 Sq. Ft. 18' hose = 1357 Sq. Ft.
- 20' hose = 1452 Sq. Ft.

Webbed Reinforced **Welded Frame**

Single piece constructed frame for balance, durability and towing

Rear Control Box All controls are in one

location at the rear of the unit. Functions include the engine controls, heated hose controls with lockouts. and pump flow control.

Removable **Burner Box** Side access for easy

servicing and new high efficiency insulation.

Recirculation Shoe Box Provides material recirculation when needed on standard hose or operators discretion on heated

Heat Chamber Features a heat damper to control the oven temperature. 20 GPM 2" sealant pump.

Engineered Performance Options

Crafco offers many Engineered Performance Options to increase production, save labor and lower operating costs.

All of the EZ Series II units have been engineered with a large variety of options like an autoloader, compressor, light bar or fire extinguisher. These options will enhance production, while increasing safety and security.

Engine covers and battery boxes protect the engine from the elements and add security. The EZ autoloader increases production, adds safety and decreases operator fatigue. The overnight heater is an on-the-job must if you want to reduce start up time. The light bar is essential foradded safety for directing traffic and increasing driver awareness.

- Material Gravity Feed
- Arrow Board Kit
- Camera and Horn Options
- Surge Brakes • Engine w/ Guages
- Material Autoloader
- Air Compressor
- Custom Paint
- Hitch Selection Electric Plug Selection
- Hitch Extension
- Cab Brake Control
- Break-away Battery w/charger
- Locking Battery Box Light Bar
- Overnight Heater
- Fire Extinguisher 10 or 20lb
- Tool Box Safety Hooks
- Mud Flaps
- Spare Tire Kit
- Strobe Light
- 100lb propane tank kit

Engineered Tools Sealing Tips and Material Handling Tools

Use with Crafco Super Shot sealing tip. Stops sealant drip once wand trigger is released. PN# 27114 Tip Adapter PN# 50270 Duckbill Valve PN# 27115 Shroud - Tip Adapte

Swivel Applicator

Use with Super Shot Melter & E-Z Pour Melters with or w/o Drip Stopper. PN# 27120 3" Swivel Applicator PN# 27130 4" Swivel Applicator

Crafco Duckbill PN# 50270 Use with Super Shot Melter wands to

prevent dripping of material.

Crafco Sealing Foot / Flush Used for random asphalt and concrete

PN# 27154 Sealing tip/ft assembly 1/4" flush PN# 27155 Sealing tip/ft assembly 3/8" flush

Crafco Sealing Foot / Protruded Used for straight asphalt and concrete

PN# 27159 Sealing tip/ft assembly 1/4" protruding

PN# 27160 Sealing tip/ft assembly 3/8"

Crafco Joint Sealing Tip

Use for straight asphalt and concrete joints PN# 27146 Sealing tip assembly 1/4" PN# 27147 Sealing tip assembly 3/8"

Crafco Round Sealing Tip

Multi-purpose random cracks and joints. Use with a squeegee for most applications. PN# 27170 Sealing tip assembly 3/8" PN# 27171 Sealing tip assembly 1/2"

Crafco Applicator Disk

Used for overbanding, great labor saver. PN# 27162 3" Disk Assembly PN# 27163 4" Disk Assembly PN# 27164 6" Disk Assembly

Crafco Heavy Duty Squeegee w/Aluminum Handle PN# 27199

Use for leveling crack sealant and where a sealant over band is recommended.

Crafco Replacement Blade **PN# 27195** 4" x 18" x 3/8"

Crafco Heavy Duty Compact Squeegee w/ Aluminum Handle PN# 27245

Crafco Heavy Duty Compact Squeegee w/ Wooden Handle PN# 27245W

Crafco Pour Pot

Use for leveling crack sealant and where a sealant over band is recommended.

Crafco Replacement Blade PN# 27241 2-1/2" x 17" x 3/8"

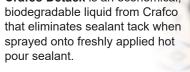

Crafco Pour Pot with Wheels PN# 40200

Use to apply a uniform band of sealant to a crack or joint. Wheeled for ease of use. Gravity feed with shut off lever.

Crafco Hand Held Pour Pot

For application of thin crack sealant to a joint or crack. Gravity feed with shut off lever.

Crafco Detack is an economical, biodegradable liquid from Crafco that eliminates sealant tack when sprayed onto freshly applied hot
